modular cooking and buffet system | AIRMOBIL – mobile exhaust

only available for 230V

Modular Cooking System

The latest addition to our buffet tables now concerns live cooking/front cooking, the experience of cooking and serving in front of the guests, so that every event becomes a highlight. The top priority in the development was that VENTA customers can use their already purchased tables for the live cooking stations. Furthermore, the flexibility and mobility of the familiar systems was to be increased. True to the motto “everybody can be bigger” we chose the smallest of the four buffet tables from our Stage Buffet System as the output of the latest development. The smallest square buffet table STAGE 80 XS with the dimensions 80 x 80 cm, which is available twice in a STAGE 80 buffet set, was thus the basis for the new VENTA Elements, our modular system for modern and contemporary live cooking / front cooking, which meets all the requirements of the most varied F & B concepts in countries all over the world.

Instead of the glass or compact table-top, a square ELEMENTS table frame made of stainless steel is now placed on the existing table frame. The square dimension has the advantage that the table frame can be used both lengthwise and crosswise, so that all available thermal equipment and inserts can be inserted into the Elements table frame not only lengthwise but also crosswise and can be used in different ways in daily use. In order to be able to use our Elements live cooking system/front cooking system indoors, a mobile extraction unit had to be developed and designed especially for table size XS, which fully meets today’s requirements for odourless cooking in closed rooms. With its external dimensions of 80 x 30 cm, our Airmobil can be placed precisely (tailor-made) to the right, left or in front of a STAGE 80 XS ELEMENTS live cooking table and can thus be adapted to the daily changing requirements in the areas of construction and concept of a flexible and modular live cooking station.

STAGE_80_S_ELEMENTS_4

Item No.: 20101

[LxWxH]: 1600 x 800 x 935 mm
total weight: 31,1 kg

Base

2 x main frame 9,0 kg (15803)
2 x table leg 6,2 kg (15805)
steel, powder-coated
profile 40 x 40 mm, with height
compensation

2 x Table frame ELEMENTS (20007)

[LxWxH]: 800 x 800 x 66 mm
total weight: 2 x 7,7 kg

4 x Castor (11716)

diameter = 65 mm
weight: 0,5 kg

Item No.: 11765

magnetic_cable_duct_770mm

[LxWxH]: 770 x 35 x 21 mm
weight: 1,0 kg
material: steel, 1 mm, bended,
powder-coated

Height adjustable:

775 mm (lowest height)
855, 935, 1015 mm

height can
be adjusted
(77,5-101,5 cm)

4 x compartments
can be filled with an
individual selection
of items, e.g. NEMCO
COOK induction or
insert plates

MATERIAL+COLOR

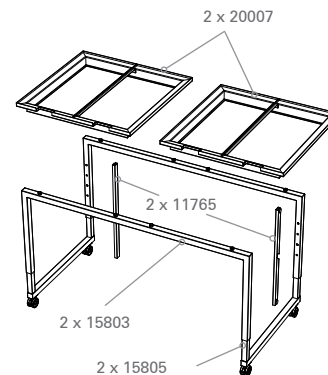

basic

base: 100, 101
metal parts: 199
table-top: 465, 466

option

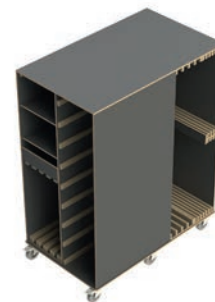

all available colors in chapter
MATERIAL+COLOR

exploded view / all individual parts

Item No.: 99149

Trolley for 2 x STAGE_80_S_ELEMENTS_4 +
additional equipment (maximum load)

weight: 165 kg [empty] / 227,2 kg [full]

STAGE_80_S_ELEMENTS_2

Item No.: 20101

[LxWxH]: 1600 x 800 x 935 mm
total weight: 32,2 kg

Base

2 x main frame 9,0 kg (VE-15803)
2 x table leg 6,2 kg (VE-15805)
steel, powder-coated
profile 40 x 40 mm, with height
compensation

Table frame ELEMENTS (20007)

[LxWxH]: 800 x 800 x 66 mm
total weight: 7,7 kg

4 x Castor (11716)

diameter = 65 mm
weight: 0,5 kg

Table-top (14018)

compact laminate 10 mm,
ceramic anthracite (402)
weight: 8,8 kg

Item No.: 11765

2 x magnetic_cable_duct_770mm

[LxWxH]: 770 x 35 x 21 mm
weight: 2 x 1,0 kg
material: steel, 1 mm, bended, powder-
coated anthracite (100)

height can
be adjusted
(77,5-101,5 cm)

Item No.: 20101

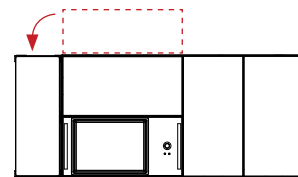

ELEMENTS - Chefs Table

AIRMOBIL / alternative position

It is also possible to place the AIRMOBIL on the side of the STAGE ELEMENTS TABLE in order to have more space at the front of the table. To do this, you must rotate the frame of the ELEMENTS TABLE by 90°.

Item No.: 80087

ELEMENTS

additional equipment

Rieber - termoport
(item-no.: 8500412)

Rieber - undercarriage
(item-no.: 88140106)

ELEMENTS

Important advices to select the correct equipment.

We recommend to mount always BLINDS on every ELEMENTS station (S and XS) to hide the installed equipment, the cables and any additional cooking utensils.

The CARVING STATION can only be equipped at the FRONT with compact laminate blinds. The decorative metal blinds will not fit at the front, as the mounted shield and the heat lamp do not allow the correct mounting.

The same situation is valid for an additional, separate mounting of a STAY HOT heat lamp at the front of a S or XS table.

ELEMENTS

Power Management

We recommend to discuss with us the electrical situation in your property and to create a plan for power cable management.

This will help you to select all necessary cables and power strips according to your local situation.

VENTA recommendation = 2 x plugbar 400V + 1 x plugbar 230V / alternative solution = 1 x plugbar 230V + 7 x extension cable 5m (use on individually fused 16A sockets)
